Basic Flexible Rigging Package

Every outboard engine's price from 60hp and upwards includes an allowance to get you up and running on the water.

The standard package covers:

- Side mount remote control (including 6.1m harness)
- Twin analogue gauge kit (including tachometer and trim gauge)
- Aluminium propeller (stainless steel on BF250)

With Honda, you can upgrade the remote control, gauges and propeller to match your exact requirements using our approved accessory range and only pay the difference in price. A choice of single or dual, left or right handed top-mount remote controls, and left and right hand flush-mounts are available, all with a selection of harness lengths. Consult your Honda Marine Authorised Dealer to choose what's right for you.

⊕ Basic Flexible Rigging Package

Every outboard engine's price from 60hp and upwards includes an allowance to get you up and running on the water.

The standard package covers:

- Side mount remote control (including 6.1m harness)
- Twin analogue gauge kit (including tachometer and trim gauge)
- Aluminium propeller (stainless steel on BF250)

With Honda, you can upgrade the remote control, gauges and propeller to match your exact requirements using our approved accessory range and only pay the difference in price. A choice of single or dual, left or right handed top-mount remote controls, and left and right hand flush-mounts are available, all with a selection of harness lengths. Consult your Honda Marine Authorised Dealer to choose what's right for you.

See above for upgrade pricing options.
